Applicant's election with traverse of the species of Fig's. 1-2 is acknowledged. Claims 22 and 25-34 are withdrawn from further consideration by the examiner, 37 C.F.R. § 1.142(b), as being drawn to non-elected species, not all claims depending upon or otherwise including the limitations of an allowed generic claim. Because of required separate searches, the restriction is made final.

Claims 4-11 and 13-34 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim may not depend on another multiple dependent claim. See MPEP § 608.01(n). Accordingly, claims 4-11 and 13-34 have not been further treated on the merits.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --
(a) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-3 and 12 are rejected under 35 U.S.C. § 102(a), as being anticipated by Palmgren, British '318, German '343, or Swiss '592. The examiner finds all claimed subject matter to be present.

See Swiss '592's Fig. 1.
